

Trained. Empowered. Prepared.

Featured Preparedness Products

Studies cited by the Occupational Safety and Health Administration (OSHA) show a \$4 to \$6 return on every dollar invested in health and safety training in the workplace. The American Red Cross offers a wide range of courses to fit the needs of your business as well as an extensive selection of safety products. Products like these help your employees learn lifesaving skills and can help them retain these skills longer.

Get Trained and Stay Prepared with American Red Cross Health and Safety Products

CPR or Choking Emergencies Steps Posters \$2.00

These posters include color photos of skill steps for responding to a choking or cardiac arrest emergency in an infant, child, or adult. One side is English and the other is Spanish.

Guide to Business Continuity Planning CD-ROM \$40.00

This innovative CD-ROM offers comprehensive, step-by-step instructions to help a business develop a solid plan to survive all levels of a disaster-related service interruption. The CD-ROM includes modules on: project management, facility documentation, business impact analysis, business continuity alternatives, emergency response, plan exercise and evaluation, and plan implementation and maintenance.

Emergency Response Center

A complete and scalable solution for business preparedness, providing businesses with essential supplies to help manage the three basic types of emergencies: daily mishaps, emergency incidents, and catastrophic events.

The Emergency Response Center (ERC) is comprised of a SmartRack system and a wide variety of product lines to choose from.

Contact us to review the available SmartRacks and First Aid cabinets to find the right fit for your business needs.

Contact us today at (919) 489-6541 x328 to order these and other training and preparedness products.
